Personal Profile

I am a passionate creative designer with years of commercial experience in many aspects of web development and corporate design. I am sophisticated in clear design and Scandinavian style with strong (hand-drawing and computer based) graphical background.

My works based on quality standards (W3C, ISO) and my target is *first class* quality.

Objective

I am now seeking a new position where my existing skill set can better utilized and developed further within a suitably challenging and creative environment.

My targets: Web designer, graphic designer, site-builder, layout editor (DTP).

Employment History

First half of 2009:

Field trip in the UK (London)

March 2004 - December 2008:

Personal Enterprise (one-person company)

Position: CEO, account/sales, graphic designer, site-builder, programmer etc.

Scope of duties:

- Communication with clients
- Managing the customer requests
- Complete web-solutions (from graphic design - with programming - to live service)
- Corporate design/Logo-designing
- SEO, Usability, accessibility
- Printed media editing (e.g. books, newspapers, posters, bills, business cards etc.)
- Hardware and software installation and supporting for small-business companies

Since 2003 I had the opportunity to cooperate with some different associations for disabled people about the accessibility. In this particularly area I became consultant for different companies, like *Novell Hungary*, *TV2* (commercial television channel in Hungary) and some others.

June 2006 - October 2006:

Kirowski (digital agency, Central-East-European part of Isobar)

Position: foreman, senior site-builder

Scope of duties:

- Organizing the teamwork
- Educating the site-builders
- Quality assurance/management
- Site-building and creating HTML mails
- SEO, Usability, accessibility
- PHP programming for customized websites
- Correspondence/collaboration with another divisions and teams

Other employment

- 2003-2004: *Austral*

Position: Project manager, senior typographer/layout editor, senior graphic designer

- 2001-2002: *ELO Ltd. (ESCC Hungary)*

Position: Senior typographer/layout editor

- 1998-2001: *Internet Island Co.*

Position: Web/graphic designer, programmer, layout editor
